¹Women-owned businesses, as defined by the U.S. Census, are businesses in which women own 51 percent or more of the equity, interest, or stock of the business. Men-owned businesses are defined as men owning 51 percent or more of the equity, interest, or stock of the business. Equally men/women-owned businesses those in which the equity, interest, or stock of the business is shared 50-50 among men and women owners. Publicly held, foreign-owned, and non-profit businesses are not included in this data.

²As an industry classification, Other Services (except Public Administration) is defined as businesses that provide services not specifically provided for elsewhere in the classification system. Please see U.S. Census Bureau's NAICS classification System.

* All calculations are based off of the SBO 2012 classification of "all firms classifiable by gender, ethnicity, race, and veteran status" rather than "all firms." Therefore, "publicly held and other firms not classifiable by gender, ethnicity, race, and veteran status" are not taken into account in the current calculations.
